

Week 5

1) Tensorflow tutorials: <https://www.tensorflow.org/tutorials>

- i) Complete TensorFlow quick start for beginners
- ii) Complete all the topics covered In the beginner's section
- iii) For advanced section
 - i) Customization
 - ii) Distributed Training
 - iii) Images

2) Read this Research paper (SEMANTIC SEGMENTATION OF SATELLITE IMAGES USING DEEP LEARNING)

<https://www.ijitee.org/wp-content/uploads/papers/v10i8/H91860610821.pdf>

This is a must-read paper to make proper use of all CNN tutorials you have covered in weeks 3-4 and TensorFlow tutorials before starting to work with satellite images .
